How did we continue to re-balance our Facilities Management Service Delivery in 2019/2020?

We reviewed legacy contracts at 16 sites, deciding to...

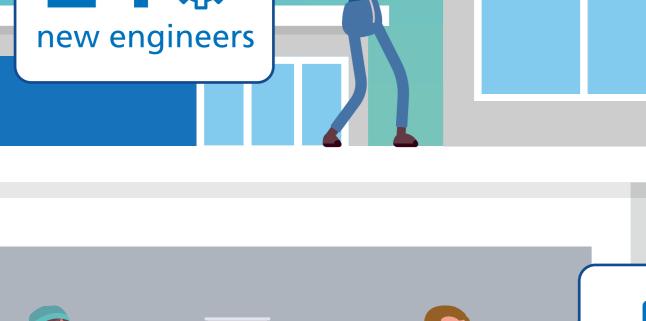

Deliver some services in-house

Transfer selected services to a trusted, specialist supplier

As a result, in relation to these 16 contracts we...

Transferred lightening protection to a specialist supplier

Transferred generator and **UPS** to a specialist supplier

Transferred fire extinguishers to a specialist supplier

Transferred fall arrest to a specialist supplier

In doing so we are saving the NHS

each year

£4m alone from in-sourcing hard FM services from Mitie

Why?

Deliver a more consistent high quality FM service

Have direct control over service management, training and auditing

Drive cost efficiencies that can be reinvested in NHS

Whats next?

Continuing to review non-rationalised contracts
