

Request Title: Covid Vaccines

FOI Reference: PSC-67332-Z1S7

Date of Disclosure: 17/08/2021

Date Range: 2020-2021

FOI Request:

I would like to know the exact percentage and numbers of covid19 “vaccines” given against the saline placebo “vaccines” between the dates of 31st March 2020 and 31st July 2021 please.

It would also be very useful to know the number of actual deaths attributed directly to covid19 alone for the same dates.

Our Response:

In accordance with section 1 of the Freedom of Information Act 2000, we confirm we do not hold the information you have requested.

NHS Property Services is a government-owned company which exists to help the NHS get the most from its estate and ensure that it is consistently fit for purpose so that healthcare professionals can deliver excellent patient care. Our portfolio is one of the largest in the UK, comprising more than 3,000 properties with 7,000 tenants across England. At a total value of more than £3bn, this represents about 10% of the total NHS estate. Our properties range from listed buildings through to state-of-the-art integrated health campuses.

Although NHSPS was involved in the setup of vaccination centres, we are a property management company, and as such we do not hold patient information, including vaccination records.

Under our duty to advise and assist, we recommend you submit your request to the Department of Health and Social Care at:

[Contact the Department of Health and Social Care | contactus.dh.gov.uk \(dhsc.gov.uk\)](https://www.dhsc.gov.uk/contact)
